

Seven Samurai

(Shichinin no Samurai)

A film by Akira Kurosawa

Starring Toshiro Mifune and Takashi Shimura

One of the greatest films ever made, Kurosawa's epic adventure *Seven Samurai* (1954) has influenced the work of directors from George Lucas to Steven Spielberg, and spawned remakes including John Sturges' western *The Magnificent Seven*. First released on DVD in 1999, it is the BFI's No.1 all-time best-selling title. Now, in celebration of its 60th Anniversary in April, it finally comes to Blu-ray in a stunning Limited Edition SteelBook™, released on 21 April 2014 alongside a brand new DVD re-issue also re-mastered in High Definition.

With their village raided every year by vicious bandits, a group of peasants in 16th century Japan hire seven warriors to protect them. Initially met with suspicion, the samurai eventually gain the trust of the peasants and they join forces to face the bandits.

This special 60th Anniversary edition includes alternative presentations of the film, a new and exclusive interview with Asian cinema expert **Tony Rayns**, and the original Japanese trailer.

Endlessly copied but never surpassed, *Seven Samurai* is a truly timeless classic.

Special features

- Limited Edition SteelBook™ with exclusive artwork
- Digitally re-mastered in High Definition
- Play with or without original intermission
- Original Japanese theatrical trailer
- *The Art of Akira Kurosawa* (2013, 49 mins): Asian cinema expert Tony Rayns discusses Kurosawa's career and influence
- 16-page booklet containing an essay and biographies by Philip Kemp, original review, and cast and credits
